

Rockhill Trolley Museum
Important Temporary Museum Operating Conditions (COVID-19)

On days we are open we will do our best to follow CDC and FRA directives to minimize the Covid-19 risk for both our visitors and volunteers. Unvaccinated visitors are requested to wear masks at all times while aboard the trolley, in any of our buildings, or outdoor areas and whenever possible to maintain a minimum distance of 6 feet from all unrelated visitors.

If you are ill, or have symptoms of the virus or other illness, please do not visit the museum. While we very much appreciate your desire to visit, we know you will not want to risk infecting other visitors or volunteers.

Thank you for allowing us to share with you our love for the most fascinating form of transportation ever invented.
